**Uploading your Power Point to Slideshare (for Poster Presenters)**

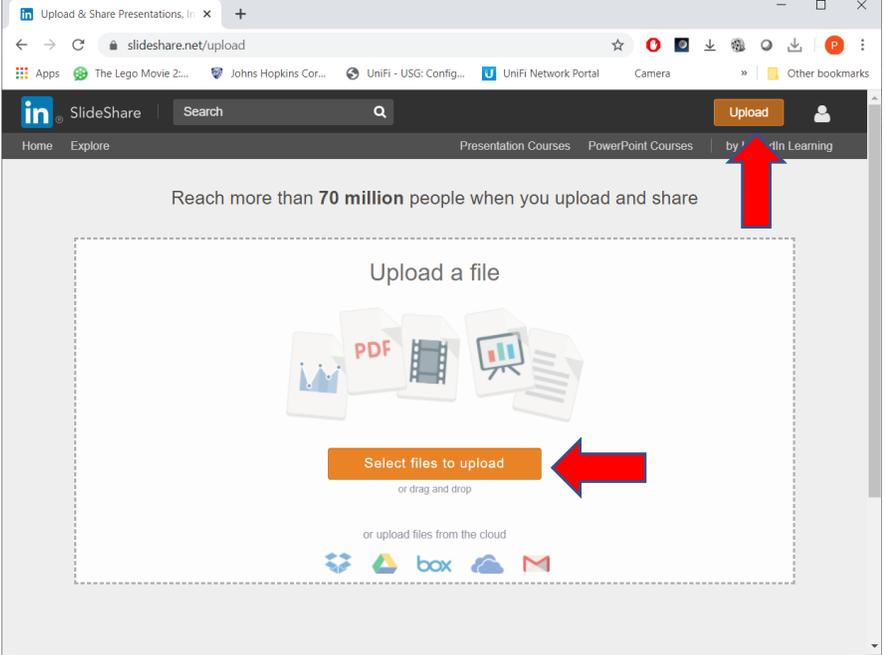

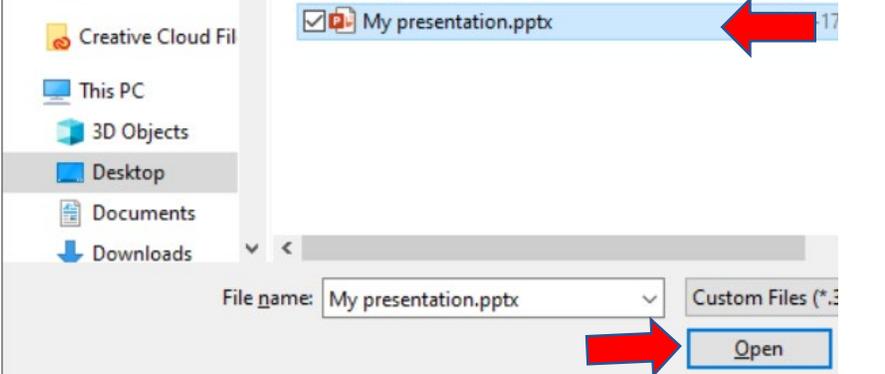

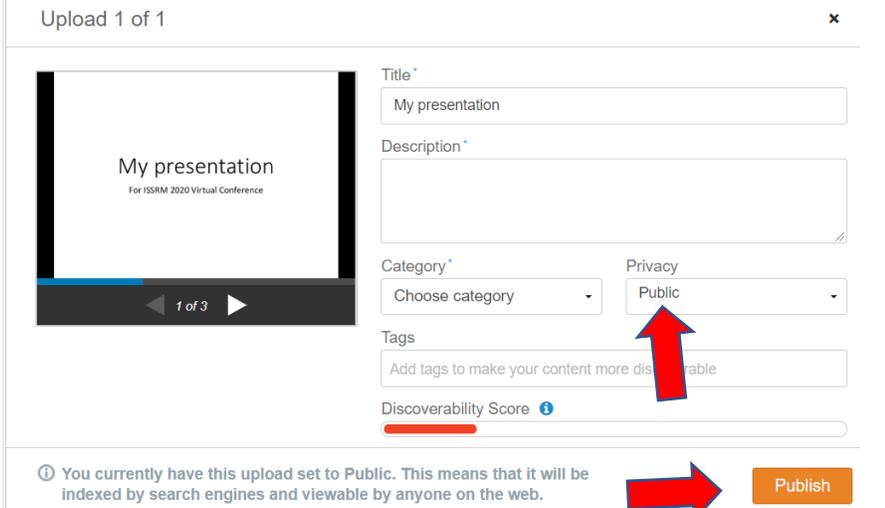

1.	Prepare your slides	
2.	SAVE	

For the next steps, you’ll need to have a personal Linked-In account (to create one, goto [www.linkedin.com](http://www.linkedin.com)) or a Facebook Account (to create one, goto [www.facebook.com](http://www.facebook.com)).

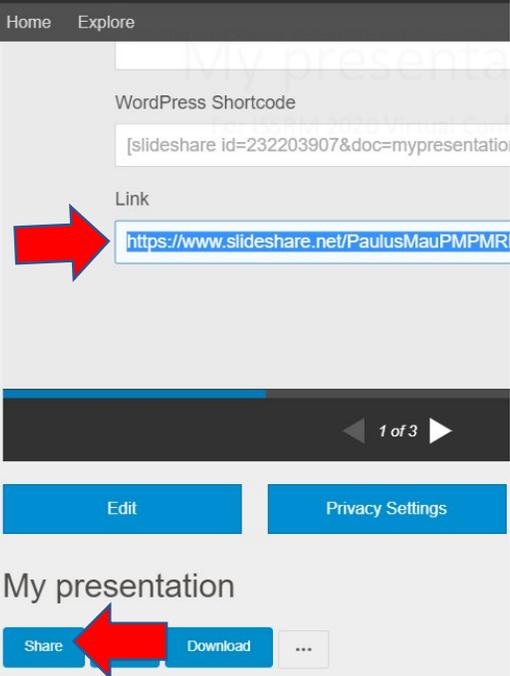

Note that the instructions below will upload your Powerpoint and make it **publicly available on SlideShare**. If you do not make your Power Point publicly available, people will not be able to view it. The instructions are courtesy of IASNR for your reference only. IASNR/ISSRM does not take responsibility in your presentation’s content distribution, access, or security as it is uploaded using your personal account, and thus it is your responsibility to control the presentation posted. For example, if you wish to remove the slides from public viewing or restrict its access, it would be your responsibility to do so.

3.	<a href="http://www.slideshare.net">Go to www.slideshare.net</a>	
4.	Login	

<p>5. Click on Upload, And then Select Files to Upload</p>	 <p>The screenshot shows the SlideShare upload interface in a browser. The URL is slideshare.net/upload. At the top right, there is an orange 'Upload' button with a red arrow pointing to it. Below the navigation bar, there is a large dashed box containing the text 'Upload a file' and 'Select files to upload or drag and drop'. A red arrow points to this 'Select files to upload' button. Below this, there are icons for cloud storage services like OneDrive, Google Drive, Box, and Dropbox.</p>
<p>6. Select your Powerpoint file, and click open</p>	 <p>The screenshot shows a Windows File Explorer window. The left sidebar shows 'This PC' and 'Desktop' selected. The main area shows a file named 'My presentation.pptx' selected, with a red arrow pointing to it. At the bottom, the 'File name' field contains 'My presentation.pptx' and the 'Open' button is highlighted with a red arrow.</p>
<p>7. Fill in the key information (e.g. Title), make sure privacy is "Public", And then Click Publish</p>	 <p>The screenshot shows the SlideShare upload form. The title field is filled with 'My presentation'. The description field is empty. The category is set to 'Choose category'. The privacy is set to 'Public', with a red arrow pointing to it. The tags field is empty. The discoverability score is shown as a red bar. At the bottom, there is a red arrow pointing to the 'Publish' button.</p>

8	Click on “Share” near the bottom of the slides, and then Copy the Link	 <p>The screenshot shows the Slideshare interface for a presentation titled 'My presentation'. At the top, there are navigation links for 'Home' and 'Explore'. Below that, there is a 'WordPress Shortcode' field containing '[slideshare id=232203907&amp;doc=mypresentation]'. Underneath is a 'Link' field containing the URL 'https://www.slideshare.net/PaulusMauPMPMR'. A red arrow points from the left to this URL. Below the link field is a navigation bar with a '1 of 3' indicator and left/right arrows. At the bottom of the slide area are two buttons: 'Edit' and 'Privacy Settings'. Below the slide area is the title 'My presentation' and a row of buttons: 'Share', 'Download', and a three-dot menu icon. A second red arrow points from the left to the 'Share' button.</p>
